DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

COBRA Fees to be Adjusted for Inflation in Fiscal Year 2024 CBP Dec. 23-08

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: General notice.

SUMMARY: This document announces that U.S. Customs and Border Protection (CBP) is adjusting certain customs user fees and corresponding limitations established by the Consolidated Omnibus Budget Reconciliation Act (COBRA) for Fiscal Year 2024 in accordance with the Fixing America's Surface Transportation Act (FAST Act) as implemented by the CBP regulations.

DATES: The adjusted amounts of customs COBRA user fees and their corresponding limitations set forth in this notice for Fiscal Year 2024 are required as of October 1, 2023.

FOR FURTHER INFORMATION CONTACT: Tina Ghiladi, Senior Advisor, International Travel & Trade, Office of Finance, 202-344-3722, UserFeeNotices@cbp.dhs.gov.

SUPPLEMENTARY INFORMATION:

I. Background

A. Adjustments of COBRA User Fees and Corresponding Limitations for Inflation

On December 4, 2015, the Fixing America’s Surface Transportation Act (FAST Act, Pub. L. 114–94) was signed into law. Section 32201 of the FAST Act amended section 13031 of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985 (19 U.S.C. 58c) by requiring the Secretary of the Treasury (Secretary) to adjust certain customs COBRA user fees and corresponding limitations to reflect certain increases in inflation.

Sections 24.22 and 24.23 of title 19 of the Code of Federal Regulations (19 CFR 24.22 and 24.23) describe the procedures that implement the requirements of the FAST Act. Specifically, paragraph (k) in section 24.22 (19 CFR 24.22(k)) sets forth the methodology to determine the change in inflation as well as the factor by which the fees and limitations will be adjusted, if necessary. The fees and limitations subject to adjustment, which are set forth in Appendix A and Appendix B of part 24, include the commercial vessel arrival fees, commercial truck arrival fees, railroad car arrival fees, private vessel arrival fees, private aircraft arrival fees, commercial aircraft and vessel passenger arrival fees, dutiable mail fees, customs broker permit user fees, barges and other bulk carriers arrival fees, and merchandise processing fees, as well as the corresponding limitations.

B. Determination of Whether an Adjustment Is Necessary for Fiscal Year 2024

In accordance with 19 CFR 24.22, CBP must determine annually whether the fees and limitations must be adjusted to reflect inflation. For Fiscal Year 2024, CBP is making this determination by comparing the average of the Consumer Price Index—All Urban Consumers, U.S. All items, 1982–1984 (CPI-U) for the current year (June 2022–May 2023) with the average of the CPI-U for the comparison year (June 2021–May 2022) to determine the change in inflation, if any. If there is an increase in the CPI-U of greater than one (1) percent, CBP must adjust the customs COBRA user fees and corresponding limitations using the methodology set forth in 19 CFR 24.22(k). Following the steps provided in paragraph (k)(2) of section 24.22, CBP has determined that the increase in the CPI-U between the most recent June to May twelve-month period (June 2022–May 2023) and the comparison year (June 2021–May 2022) is 6.79¹ percent. As the increase in the CPI-U is greater than one (1) percent, the customs COBRA user fees and corresponding limitations must be adjusted for Fiscal Year 2024.

C. Determination of the Adjusted Fees and Limitations

Using the methodology set forth in section 24.22(k)(2) of the CBP regulations (19 CFR 24.22(k)), CBP has determined that the factor by which the base fees and limitations will be adjusted is 26.670 percent (base fees and limitations can be found in Appendices A and B to part 24 of title 19). In reaching this determination, CBP calculated the values for each variable found in paragraph (k) of 19 CFR 24.22 as follows:

- The arithmetic average of the CPI-U for June 2022–May 2023, referred to as (A) in the CBP regulations, is 298.952;
- The arithmetic average of the CPI-U for Fiscal Year 2014, referred to as (B), is 236.009;
- The arithmetic average of the CPI-U for the comparison year (June 2021–May 2022), referred to as (C), is 279.974;
- The difference between the arithmetic averages of the CPI-U of the comparison year (June 2021–May 2022) and the current year (June 2022–May 2023), referred to as (D), is 18.978;
- This difference rounded to the nearest whole number, referred to as (E), is 19;
- The percentage change in the arithmetic averages of the CPI-U of the comparison year (June 2021–May 2022) and the current year (June 2022–May 2023), referred to as (F), is 6.79 percent;
- The difference in the arithmetic average of the CPI-U between the current year (June 2022–May 2023) and the base year (Fiscal Year 2014), referred to as (G), is 62.943; and
- Lastly, the percentage change in the CPI-U from the base year (Fiscal Year 2014) to the current year (June 2022–May 2023), referred to as (H), is 26.670 percent.

D. Announcement of New Fees and Limitations

The adjusted amounts of customs COBRA user fees and their corresponding limitations for Fiscal Year 2024 as adjusted by 26.670 percent set forth below are required as of October 1, 2023. Table 1 provides the fees and limitations found in 19 CFR 24.22 as adjusted for Fiscal Year 2024, and Table 2 provides the fees and limitations found in 19 CFR 24.23 as adjusted for Fiscal Year 2024.

SUPPLEMENTARY INFORMATION: As part of 6 U.S.C. 313-314, and section 611 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, (codified at 42 U.S.C. 5196), the mission of the Federal Emergency Management Agency (FEMA) is to reduce the loss of life and property and protect the Nation from all hazards by leading and supporting the Nation in a risk-based, comprehensive emergency management system of preparedness, protection, response, recovery, and mitigation. FEMA's Individual and Community Preparedness Division (ICPD) supports the FEMA Mission by connecting individuals, organizations, and communities with research and tools to build and sustain capabilities to prepare for any disaster or emergency. The Division conducts research to better understand effective preparedness actions and ways to motivate the public to take those actions. ICPD develops and shares preparedness resources and coordinates comprehensive disaster preparedness initiatives that empower communities to prepare for, protect against, respond to, and recover from a disaster. This mission is achieved through close coordination with the FEMA Regions and working relationships with Federal, state, local, and Tribal agencies. This includes working with nongovernmental partners from all sectors both nationally and through neighborhood-based community groups.

This collection will allow ICPD to gather the following information from the public via web form(s):

- **Feedback:** General feedback on the effectiveness of national FEMA preparedness programs and initiatives and website user experience
- **Activity Details:** Information regarding the type, size and location of preparedness activities hosted by members of the public and community organizers
- **POC Information:** For registration within the site and follow-on communication, if needed
- **Future Engagement Requests:** Allow for the public to enroll in the ICPD newsletter or other public communications
- **Publication Ordering:** Submitting requests to the FEMA publication warehouse to have materials shipped directly to members of the public

This proposed information collection previously published in the **Federal Register** on March 31, 2023, at 88 FR 19316 with a 60-day public comment period. One public comment was received regarding the benefit of collecting this information to the public. ICPD uses data regularly in order to develop efficient and effective preparedness programming for individuals and communities across the nation. Data collection, including asking the public for their opinions on ICPD educational materials, helps ICPD make informed decisions about program development and program revision cycles. The collection mentioned in this information collection request contains multiple methods for the public to freely share their perspectives and opinions on ICPD programming online.

The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.
